

To Brinks Plumbing & Heating:

This is a note to thank you for the service I received from the Brinks company this past September.

Imagine finding your home under water from leaking water pipes. Your representative Bill was competent in tracing the source of the leak and repairing it. His focus was not limited to just the plumbing repair but to the clean up of the house afterward.

I now understand why AAA and other highly respected insurance companies choose Brinks Plumbing & Heating to serve our needs.

Thank you,

*Barbara Gray Scott*
